PROFESSIONAL SUMMARY

Motivated IT graduate with hands on experience in technical support, network administration, cybersecurity awareness and web development. Delivers reliable support, resolves issues accurately and communicates clearly with users at all levels.

CORE COMPETENCIES

Network Configuration | Administration | Cybersecurity Awareness | Customer Support |
Web Development | AI Data Annotation | Technical Documentation | Inventory Management

EXPERIENCE

IT Technician, Zetech University, Ruiru Jul – Sep 2024

- Delivered first level IT support across multiple departments, resolving hardware, software and network faults.
- Installed and configured CCTV systems and integrated them into the campus network.
- Administered Microsoft 365 accounts and supported staff on Office 365 applications.
- Configured LAN and wireless networks, crimped Ethernet cables and supported structured cabling.
- Logged and tracked all support requests, documented resolutions and maintained ICT asset records.
- Trained staff and students on ICT applications adapting delivery to different skill levels.

PROJECTS

ResolveIQ, IT Helpdesk Ticketing System Personal Project 2025

- Built a live helpdesk system with ticket submission, SLA tracking, priority filtering and CSV export.
- Demo: admin@company.com / admin123 | Live: cyprian-paul.github.io/ResolveIQ

NodeScan Network Monitoring Dashboard Personal Project 2025

- Built a real time dashboard tracking device status, uptime, active alerts and network events.
- Demo: [admin](#) / [admin123](#) | Live: cyprian-paul.github.io/NodeScan

EDUCATION

BSc Information Technology (Second Class Honours)

Zetech University, Ruiru 2021 – 2024

Relevant coursework: Computer Networks, Network Administration, Database Administration, Systems Analysis, Technical Communication

Kenya Certificate of Secondary Education (KCSE)

Friends School Senende 2017 – 2021

CERTIFICATIONS

- | | |
|---|------------|
| • CCNA: Switching, Routing & Wireless Essentials, Cisco Networking Academy. | May 2025 |
| • Cybersecurity Defense Analyst Pathway, Cisco Networking Academy. | June 2026 |
| • Cybersecurity and Emerging Technologies Awareness, ICT Authority Kenya. | June 2026 |
| • Artificial Intelligence Training, ICT Authority Kenya. | April 2026 |

TECHNICAL SKILLS

- Networking: LAN/WAN setup, Wi-Fi, CCTV, structured cabling, PRTG, network monitoring.
- Security: cybersecurity defence analysis, threat awareness, endpoint protection basics.
- Systems: Windows 10/11, Microsoft 365, Power Automate, Active Directory, ERP support.
- Development: HTML, CSS, JavaScript, Python, Java, React, MySQL, Git/GitHub, Figma.
- Support: ticket logging, SLA tracking, issue escalation, hardware diagnostics, asset management.
- AI & Data: data annotation, pairwise comparison, quality evaluation, prompt engineering.
- Practical & Field Skills: comfortable working with hands in physical and field environments.
